

SAGE ENTRIES

Entries to prevent sage from cancelling your booking

SABRE

*Add an osi with the fare basis of the fare being using

4OSI AA (free type)

e.g. **4OSI AA ROUND THE WORLD** or **4OSI AA CIRCLE**

*Hold all international sectors in the pnr with all AA sectors, if not they will need to be added to the booking so AA can see whole itinerary.

*Your CRS will send AA ticket numbers at time of ticketing unless you use a handwritten ticket. For handwritten tickets use the TKNM format to send ticket numbers to AA including the validating carrier and check digit each passenger ticket must be send using a separate TKNM entry.
